

**Experience a fully integrated innovative kitchen**

Relax, entertain and be creative surrounded by clean lines, sleek details and a soft color palette. Enjoy the beauty and expansive workspace of quartz countertops and distinctive walnut flooring. The restaurant inspired, Kohler Sous faucet and innovative GE Café stainless steel smart appliances make cooking easy, fun and more connected than ever before.

**Cooking with style and technology**

Use Alexa, Google Assistant, or your phone to control your appliances. Whether you're preheating your oven on the way home from work, checking your ice supply as you pour more drinks or scheduling hot water for your morning coffee, GE Café appliances keep you in control, no matter where you are.
